Preface

This volume describes the installation and general operation of the PP software. More details about its history, development and objectives can be found in *PP Manual* introduction pages.

There are several PP related papers in the directory *doc*. In particular, a general overview of PP can be found in the paper [Kil88].

A guide to writing programs that interact with PP is given in *PP Volume 2: Programmer's Guide*.

A guide to the user-visible parts of PP can be found in *PP Volume 3: Users Guide*.
